

SOS-PT Safety Protocol regarding Covid-19

This notice is to inform you of the safety procedures that are in place and to reassure you that every effort is being made to prevent any chance of Covid-19 transmission on these premises.

- (1) Masks. Please wear a mask at all times. The figure below illustrates the value of mask-to-mask use: **“my mask protects you, your mask protects me!”** The 148 Linden Street building has signage posted: “no mask, no entry” and 6 foot social distancing in hallways.

- (2) Hands. Please wash-hands or use disinfectant on entry to the office.

Dr. Fagerson will wash hands before and after every session as is customary and may wear gloves (certainly happy to wear gloves for entirety of session if you would prefer).

- (3) Cleaning. Surfaces and door-handles will be wiped down multiple times throughout the day. Try not to even touch doors or handles with hands; instead, whenever possible, utilize your shoulder or a paper product.

Equipment such as ultrasound or cold laser will be wiped down before and after every use as is customary.

Clean linens are used for every patient as is customary. Linens washed and dried at high heat.

- (4) Fresh flow of air through the office will be enabled as much as possible.

- (5) If you have had any recent contact with a Covid-19 carrier (in prior 2 weeks) or have cold-like symptoms or fever please cancel, ditto for me.

If you are not comfortable coming into the office for live treatment, we have the option of Telehealth. Whether in person or remotely, I look forward to helping you with your Physical Therapy needs. In good health & safety! Dr. Tim
